From: HK Cattle Rosharon, TX

- HK X-Ray 825/1 "Ray" is a clone of the legendary, +Mr. 3H X-Ray 825, who is known for producing offspring with great red color, clean lines, strong beef qualities and extraordinary gentle offspring.
- "X-Ray's" progeny continue to dominate the Red Brahman show ring around the globe and his sons and daughters make up a great part of the breeding world of Red Brahmans.
- HK X-Ray 825/1 "Ray's" first calves round of calves have surpassed all of our expectations; showing the same beautiful beef qualities, color and astonishing dispositions as well as having "extra" beef over their loins and depth of body.
